Wayfound and ACIPN align well with their mission and values and are proud to partner to provide a referral service. Wayfound has committed to supporting ACIPN peers as they support their colleagues by offering a streamlined referral process for psychological assessments and treatment. As an ACIPN peer supports a person impacted by a psychological injury who may need access to professional mental health resources, Wayfound is available for direct referral.

Services are available virtually by video conference or in-person in Calgary, Edmonton, and Red Deer. All clinicians at Wayfound are registered in Alberta and are also approved, WCB providers.
